Rodrigo Valdivia

Full-Stack Engineer | TypeScript, NestJS, React & React Native

Rosario, Santa Fe, Argentina · Remote
rodrigo1995val2@gmail.com · +54 9 341 501-0421 · Portfolio · LinkedIn · GitHub

PROFESSIONAL SUMMARY

Full-Stack Engineer with 5+ years of experience building and shipping web, mobile, backend, and AI-powered products. Specialized in the TypeScript ecosystem, with strong experience in NestJS, React, Next.js, and React Native. Proven ability to design backend services, deliver cross-platform mobile applications, and collaborate with product, UX/UI, and QA teams in Agile environments. Advanced English (C1) and experienced working independently with remote teams.

TECHNICAL SKILLS

- Languages: TypeScript, JavaScript (ES6+), SQL, Python, HTML5, CSS3
- Backend: NestJS, Node.js, Express.js, REST APIs, microservices, BullMQ, Keycloak
- Frontend & Mobile: React, Next.js, React Native, Expo, Angular, Redux, Tailwind CSS, Nx, Vite
- Databases & ORM: SQL Server, PostgreSQL, MySQL, MongoDB, Redis, TypeORM, Sequelize
- Cloud & DevOps: AWS (EC2, S3, Elastic Beanstalk, CloudWatch), Docker, CI/CD, Git, GitHub, Bitbucket
- AI & Tools: OpenAI API, AI agents, Claude Code, GitHub Copilot, Jira, Scrum

PROFESSIONAL EXPERIENCE

Eudaimonia Software Solutions — Full-Stack Developer

July 2022 – Present | Remote

- Designed the database model and the API and frontend architecture for DEX SelfOrder, a multi-tenant platform for configuring digital menus, products, modifiers, stores, and self-service kiosks.
- Developed multi-tenant NestJS and TypeScript APIs for the SelfOrder back office using TypeORM, SQL Server, Redis, BullMQ, and Keycloak-based authentication and authorization.
- Contributed to backend services for DEX Vision, an edge-AI and computer vision platform that transforms on-device data into real-time operational and audience analytics, including event monitoring and asynchronous notifications.
- Built and deployed the official Zanella and Kawasaki Argentina mobile applications with React Native, delivering consistent experiences across iOS and Android.
- Made key contributions to the design and development of Delfi AI, an AI-powered visual production system for fashion and e-commerce brands, working on OpenAI-based agent workflows and process automation.
- Built the first Delfi AI chat proof of concept using retrieval-augmented generation (RAG) and OpenAI.
- Contributed to the development of a secure patient portal for Sanoviv Medical Institute, enabling patients to access and manage medical studies and records.
- Collaborated with product, UX/UI, and QA teams throughout Agile sprints to deliver reliable software aligned with business requirements.

Technologies: TypeScript, NestJS, Node.js, React, Angular, React Native, TypeORM, SQL Server, Redis, BullMQ, Keycloak, OpenAI API, AWS, Docker

Alkemy — Full-Stack Developer, Acceleration Program

April 2022 – June 2022 | Remote

- Developed a responsive web application for the NGO Somos Más within a Scrum-based product development simulation.
- Designed and implemented REST API services using Node.js, Express.js, MySQL, and Sequelize.
- Built the frontend with React and Redux, focusing on predictable state management and responsive user experiences.

Technologies: JavaScript, Node.js, Express.js, React, Redux, MySQL, Sequelize, Jira, Scrum

Sertex — Front-End Developer

July 2021 – May 2022 | Rosario, Argentina

- Developed the company's primary marketing website and back-office platform using React and JavaScript.
- Built responsive interfaces for both customer-facing and internal operational workflows.
- Contributed to code reviews and GitHub-based version-control practices that supported a maintainable codebase.

Technologies: JavaScript, React, HTML5, CSS3, GitHub

Urban Roomie — Front-End Developer

January 2021 – June 2021 | Remote

- Developed and improved responsive web interfaces using HTML, CSS, JavaScript, and React.
- Collaborated with an Agile team on UI/UX improvements and Git-based development workflows.

Technologies: JavaScript, React, HTML5, CSS3, Git
